DETAILED ACTION

1. This office action is in response to the amendment filed 17 October 2005, in which claims 2, 3, 5, 9, 10, 15, 17, 19, and 20 were amended, claims 1, 8, and 16 were canceled, and claims 21-25 were added.

Claim Objections

2. Claims 22 and 24 are objected to because of the following informalities:

“a t least” should be changed to --at least-- (claim 22, line 14);

“arrange din” should be changed to --arranged in-- (claim 24, line 21).

Appropriate correction is required.

Claim Rejections - 35 USC § 112

3. Claim 14 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. In regards to line 4, MPEP 2173.05(b) states that the term “substantially” can be considered broad and definite in view of the general guidelines provided in the specification. However, since applicant has not provided any such guidelines, the claim is indefinite.

Allowable Subject Matter

4. Claims 2-7, 9-13, 15, 17-25 are allowed.

Art Unit: 3616

5. Claim 14 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

Response to Arguments

6. Applicant's arguments, particularly page 20, have been fully considered and are persuasive. With respect to the tooth and tip of the operating element, the examiner agrees that the Yamamoto et al. reference does not sufficiently disclose these features.

Conclusion

7. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
